

INTRODUCTION

MD Energy Advisors (MDEA) is a federally certified Disadvantaged Business Enterprise (DBE), nationally and state certified Minority Business Enterprise (MBE). Since 2010, MDEA has provided solutions that meet the energy management, efficiency and renewable goals of utility, commercial, residential and government clients. Our goal is to deliver results with unparalleled customer service.

Our Offerings

MDEA has a demonstrated track record in helping clients and partners achieve their desired energy goals. Since 2010 MDEA has supported multiple clients, utilities and partners with the following:

Energy Procurement

MDEA identifies energy buying strategies across every facility in your organization for electricity, natural gas, renewables, and other energy sources.

Benchmarking

MDEA can benchmark a single building or an entire portfolio of buildings. We work with facility and property managers to track their scores within Portfolio Manager and improve scores over time.

Project Management/ Construction Management

MDEA uses specialized, project management techniques to oversee the planning, design, and construction of a project, from its beginning to its end.

Measurement & Verification

Our energy efficiency experts provide Measurement and Verification (M&V) services using traditional and state of the art practices and procedures.

Energy Auditing

MDEA energy experts collect and analyze data on how facilities use energy. We routinely perform ASHRAE Level audits throughout our clients' portfolios.

Electric Vehicle Charging (EV)

MDEA has the expertise to launch and support the implementation of a successful EV charging program from start to finish.

Our Approach

Be A Value Add Partner

Our firm is committed to delivering results. Not only do we want to help our clients/partners achieve their diverse spend...we want to be a value add partner.

Hire Great Staff

Our ability to source talented people that value customer service is our key differentiator. We can support clients and partners anywhere in the United States and have a team that is dedicated to finding talent that adheres to our core values. We use in-house and outside talent sourcing agencies to help us identify the right person(s) to execute.

Provide Competitive Pricing

We can work under a variety of models that support the financial viability of the proposal and project implementation. We believe in a Win-Win approach.
